Manitowoc County Lakes Association

Manitowoc County Lakes Organization has as a mission; *“To protect and enhance the quality of area lakes and watersheds for the benefit of all.”* The group is active in the control of aquatic invasive species, in water quality monitoring, and in the promotion and coordination of land use policies which enhance the area watersheds. This presentation is part of the annual lecture series, and is intended to celebrate the beauty and intrigue of the environments we strive to protect. Visit our website at Manitowoccountylakesassociation.org, or e-mail John Durbrow at mcla@lakefield.net for more information.
