

MANITOWOC COUNTY LAKES ASSOCIATION

“The Manitowoc County Lakes Association will protect and enhance the quality of area lakes and watersheds for the benefit of all.”

www.manitowoccountylakesassociation.org

The Manitowoc County Lakes Association thanks you for your past support and invites you to continue working with us for clean, safe, healthy lakes. Throughout the years MCLA has been very successful due to generous support from both individuals and Lakes Associations. MCLA partners with many organizations and agencies on a broad range of programs to pursue our mission.

Exemplary of our achievements, in the previous year Manitowoc County Lakes Association has been able to:

- Publish two great newsletters, reaching over 1400 individuals
- Maintain our Speakers Program, with expert presentations addressing member concerns
- Continue Aquatic Invasive Species education and monitoring activities
- Conduct, with Manitowoc Partners, Phragmites control treatments at Lake Michigan coastal sites
- Extend the Citizen Lake Monitoring Network activities
- Maintain a Web Page which has become the “go to” reference for county lakes
- With Manitowoc County Fish & Game, install a new Weyers Lake aerator
- Initiate a Carstens Lake watershed planning study with Stantec and LNRP
- Initiate a Carstens Lake Tributary Water Testing protocol w/ Lakeshore Water Institute
- Help launch a TMDL Program in Manitowoc County
- Host a *Meet the Candidates Forum*, to engage all Assembly candidates with environmental concerns
- Support Lakes Associations efforts such as the Silver Lake Remediation, the Pigeon Lake Treatment Funding, and the Carstens Lake Tile Blowout repairs
- Staff a booth at the County Fair to engage the general public
- Represent Lake Association interests at County Agency planning meetings
- Meet with local elected officials to address Water Quality issues

Your support is critical to our efforts to continue working for the lakes and watersheds in our county. We hope you will renew your membership or join MCLA. Thank you for making a tax-deductible contribution and completing the enclosed form below. Checks should be made payable to MCLA.
